1.

Attached is a sketch of the Schichau-Werft at Elblag (Elbing) as it was in 1945. The areas marked with heavy crosses were destroyed by bombing.

2.

The slips shown on the sketch could not accommodate vessels of more than 600 tons. At the end of the war Schichau-Elbing was engaged in the construction of ships of the "A-Boat" class. The floating dock shown at the top of the sketch could take 1000 tons.

3.

The administrative buildings were half destroyed by bombing but the remaining buildings were still in use at the end of the war.
